

City of Douglass Hills

Proud member of the Jefferson County League of Cities & the Kentucky League of Cities

MAYOR'S MESSAGE...

We were saddened to hear that 2 of our former Mayors passed within days of each other. These men were tremendous public servants who continued to give back to the community long after their terms as councilmen and Mayor were finished.

From both men I learned so much, but most of all, just by their actions I learned what it meant to give back without hesitation. I learned that passion cannot be hidden and that who you are is seen by actions and not always words. I am grateful for their stewardship, leadership, and commitment to the citizens of Douglass Hills.

Mayor Sherl Fetter, served on the council from 1986-2004 and was elected Mayor in 2004 and served until 2008. While his daughter Leigh Ann coached our Hurricanes swim team, I never went to a swim meet where I did not see him on the sideline cheering as loudly as the coaches. He was a staple for the team and our community.

Mayor Fetter is preceded in death by his wife of 50 years, Rose. He is survived by his children Denise, Bruce, Michael and Leigh Ann and their families.

Mayor Warren Walker was appointed to serve on the council in 1990 to serve out a prior term and in that same year, was elected Mayor. Mayor Walker served 14 years as Mayor from 1990-2004. Mayor Walker was instrumental in the development of our parks and old playground.

He served on the Jefferson County League of Cities Board of Directors and as past president, and in 2003 was awarded the JCLC Peyton Hoge III Public Service Award.

Mayor Walker is preceded by his wife Lu and is survived by his children Jeff and Patti. In lieu of flowers, expressions of sympathy can be donated to the Metro United Way or the Red Cross.

Please call (877) 307-9313 to register or go to www.rechalert.com This is a feature you won't want to miss and it is free to our citizens. It will keep you in touch with your City.

"Branching Out" from the Douglass Hills Tree Committee

Do you want an Elm tree that is resistant to Dutch Elm Disease or Japanese Beetles? Are you looking for a tree that can survive in multiple soil types or even restricted soil spaces? Look for an Allee Elm—a fast growing tree that can grow up to 80 feet tall! The glossy green foliage turns yellow in the fall and has even been known to go a pinkish red in some years. The bark is silver-gray and its deep folds grow parallel and vertically from the ground to the crown of the tree. But the most interesting aspect of the bark is that it exfoliates.

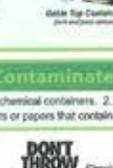

As it peels shades of gray, green, brown and orange patterns appear. Once established, it's also a tough tree withstanding urban situations, drought, and high winds. The Allee is a good tree offering abundant shade when planted by streets, driveways, or near a home.
